REASONS FOR ALLOWANCE

1. Claims 14, 16-23, 25, 26 and 28 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 14 is allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "a second intermediate image is formed in the vicinity of said diffractive field mirror" as set forth in the claimed combination. Claims 16-23, 25, 26 and 28 are also allowable based upon their dependence on claim 14.

The prior art of record, Wood teaches an optical device for presenting a collimated image to a user comprising an imager, a diffractive field mirror, an off-axis spherical concave mirror wherein a first intermediate image is formed between the diffractive field mirror and the off-axis spherical concave mirror but does not teach a second intermediate image being formed in a vicinity of the diffractive ^{field} ~~field~~ mirror and there is no motivation or teaching to modify this difference as derived.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
